AMENDMENT

Sir:

In response to the Office Action of January 30, 2002, please amend the above-captioned application as follows. Please note that all claims have been reproduced for the convenience of the Examiner.

In the Claims:

Please amend claim 1 as follows:

- B<sup>1</sup>
- 1 1. (Amended) An imaging module comprising:
  - 2 a frame;
  - 3 a circuit board mounted to said frame;
  - 4 an image sensor carried by said circuit board; and
  - 5 at least one light source for illuminating at least part of a target area, wherein
  - 6 said at least one light source is mounted to said circuit board, whereby said circuit
  - 7 board carries both of said image sensor and said at least one light source.

Please cancel claim 2.

Please amend claim 3 as follows:

- B<sup>2</sup>
- 1 3. (Amended) The imaging module of claim 1, wherein said at least one
  - 2 light source includes an aiming light source and an illumination light source and
  - 3 wherein said at least one illumination light source and said at least one aiming light
  - 4 source are each mounted to said circuit board, whereby said circuit board carries
